LAUNDRY BOOSTER & CLEANUT DETERGENT

DISCOVER THE PERFECT LAUNDRY DUO:

the AlmaWin **Cleanut Detergent** and the AlmaWin **Laundry Booster**.

Both are highly effective even at low temperatures starting from just 20 °C, making them energy-saving and gentle on fabrics.

Used together, they complement each other perfectly – the detergent ensures powerful yet natural cleaning, while the booster enhances the wash for extra freshness and brightness.

NATURAL CLEANLINESS

DISCOVER THE PERFECT LAUNDRY DUO:

Laundry Booster

Good news: you don't need high temperatures to get your heavily soiled laundry sparkling clean!

With our innovative laundry booster, your clothes will be thoroughly clean even at low temperatures. This saves energy, protects your clothes, and is good for the environment. It supports your liquid detergent and ensures that even stubborn stains such as blood, makeup, cocoa, grass, grease, and oil are reliably removed. The multi-stain formula works without bleaching. This means that even your colored fabrics will be perfectly clean.

So you can run your washing machine in energy-saving mode with a clear conscience and still enjoy sparkling clean laundry. Our formula is based on natural, plant-based and mineral ingredients, is completely biodegradable, GMO-free, vegan and, of course, ECOCERT-certified. Dermatological testing confirms its good skin compatibility. In keeping with AlmaWin's philosophy: for clean laundry, healthy skin and an intact environment.

Cleanut Laundry Detergent

AlmaWin Cleanut is a versatile detergent designed for all natural, mixed, and synthetic fibres. Ideal for both coloreds and delicate fabrics, it delivers effective cleaning power thanks to natural saponin extracted from soapnuts. Its plant-based formula provides a gentle softening effect, leaving laundry naturally smooth and easy to iron.

Suitable for washing temperatures between 20 °C and 60 °C, Cleanut can also be used for hand washing. A 750 ml bottle is enough for up to 25 loads. Please note: not suitable for wool or silk.

With its refreshing verbena-lime and eucalyptus fragrance, AlmaWin Cleanut combines natural care with a fresh, clean scent.
